

The Commonwealth

Webinar to Introduce New Resource of the Office
of Civil and Criminal Justice Reform

Commonwealth Anti-Corruption Benchmarks

Wednesday 2 June 2021, 1400 – 1500 (BST)

The Commonwealth Secretariat, in partnership with the Global Infrastructure Anti-Corruption Centre (GIACC) and the Royal Institution of Chartered Surveyors (RICS), has published a landmark set of measures to support efforts to fight corruption: the Commonwealth Anti-Corruption Benchmarks. The Benchmarks offer a comprehensive roadmap to reduce corruption across 25 areas of public and commercial life and are designed to help governments, as well as public and certain private sector organisations, to assess laws, procedures and actions against international good practice.

In this webinar, contributors to the Benchmarks will discuss the development and application of the Benchmarks, and trends and directions for this work.

- Download the **Commonwealth Anti-Corruption Benchmarks**
- Read **FAQs** about the Benchmarks
- Read a **press release** about the Benchmarks
