Reading, Reading, England. Price
50p)

Reports on studies carried out
by the Reading/Legon Joint
Research Project in Village
Development, South-East Ghana.
The first chapter reports on
the production environment. In
the second there are notes on
the marketing of-cassava, ground-
nuts and oil palm products.
Chapter 3 includes a consideration
of possible improvements and
puts forward recommendations on
maize drying and storage. The
fourth aspects of the institu-
tions in the region, and possibi-
lities of change, and the final
chapter discusses the general
nature of planning and two
specific elements in it - the
need for a research and develop-
ment unit, and the relation
between surveys and methods of
regional planning. - condensed
from Trop. Storage Abstracts.

1.04 General Survey Post-Harvest
Losses -AFRICA

COMMONWEALTH SECRETARIAT, LONDON
(1977) The reduction of losses
during farmer storage of Cereal
and legume grains in Commonwealth
Africa by Tropical Products Inst.
