Appendix 10

Selected Bibliography

1. **Technological Change—General**

Bosworth, D., ed., *The Employment Consequences of Technological Change*, London: MacMillan Press, 1983.

Commonwealth Science Council, *Science for Technology for Development: An Expanded Programme of Scientific Co-operation in the Commonwealth*—Report of the Expert Group chaired by Sir John Kendrew, London: Commonwealth Secretariat, 1984.

Cooper, C. and Clark, J., *Employment, Economics and Technology—The Impact of Technological Change on the Labour Market*, Sussex: Wheatsheaf Books, 1982.

Evans, J., 'The Impact of Technological Change on Employment'; and 'Model Agreements for Negotiating Technological Change', in Commonwealth Secretariat, *The Management of Technological Change*, London: forthcoming.

Freeman, C., Clark, J., and Soete, L., *Unemployment and Technical Innovation: A Study of Long Waves and Economic Development*, London: Frances Pinter, 1982.

Gershuny, J., and Miles, I., *The New Service Economy: The Transformation of Employment in Industrial Societies*, London: Frances Pinter, 1983.

Giersch, H., ed., *Emerging Technologies: Consequences for Economic Growth, Structural Change and Employment*, Tubingen: Mohr, 1982.

ILO Advisory Committee on Technology, *The Socio-economic Impact of New Technologies*, Geneva: 1985, ACT/1/1985/II.

OECD, *Intergovernmental Conference on Employment Growth in the Context of Structural Change*, Paris: 1984

Rothwell, R., and Zegveld, W., *Industrial Innovation and Public Policy: Preparing for the 1980s and the 1990s*, London: Frances Pinter, 1981.

Scherer, F., *Innovation and Growth, Schumpeterian Perspectives*, Cambridge, Mass.: MIT Press, 1984.

Stoneman, P., *The Economic Analysis of Technological Change*, Oxford: OUP, 1983.

2. Technological Development and Developing Countries

Baranson, J., *North-South Technology Transfer—Financing and Institution Building*, Maryland: Lomond Publishing Inc., 1981.

Bhalla, A., James, D., and Stevens, Y., eds., *Blending of New and Traditional Technologies—Case Studies*, Dublin: Tycooly International Publishing Ltd. (for ILO), 1984.

ESCAP, *Technology for Development*, Bangkok: 1984, E/ESCAP/399.

Fransman, M., and King, K., eds., *Technological Capability in the Third World*, London: MacMillan Press, 1984.

ILO Advisory Committee on Technology, *Technologies which are Appropriate for Meeting Social Objectives of Developing Countries*, Geneva: 1985, ACT/1/1985/I.

ILO Advisory Committee on Technology, *Blending of New Technologies with Traditional Activities*, Geneva: 1985, ACT/1/1985/III.

OECD, *North/South Technology Transfer: the Adjustments Ahead*, Paris: 1981.

Singh N. P., 'Technology Policy Formulation in Developing Countries with Special Reference to Institutional Framework and Policy Development Process', in Commonwealth Secretariat, *The Management of Technological Change*, London: forthcoming.

Stewart, F., and James, J., eds., *The Economics of New Technology in Developing Countries*, London: Frances Pinter, 1982.

von Weizsacker, E., Swaminathan, M., Lemma, A., *New Frontiers in Technology Application: Integration of Emerging and Traditional Technologies*, Dublin: Tycooly International Publishing Ltd. (for UN), 1983.

3. Emerging Technologies

Microelectronics

Bessant, J., *The Impact of Microelectronics: A Review of the Literature*, London: Frances Pinter, 1981.

Edquist, C., and Jacobsson, S., *Trends in the Diffusion of Electronics Technology in the Capital Goods Sector*, Sweden: Research Policy Institute, University of Lund, 1984.

Ernst, D., 'Recent Developments in the Semiconductor Industry: Implications for International Restructuring and Global Patterns of Technological Dominance and Dependence', *Industry and Development*, No. 11., Vienna: UNIDO, 1984.

Evans, J., and Fajertag, G., *European Industrial Policy for the Electronics and Information Technology Sector*, Brussels: European Trade Union Institute, 1984.

Forester, T., ed., *The Microelectronics Revolution: The Complete Guide to the New Technology and Its Impact on Society*, Oxford: Blackwell, 1980.

Hoffman, K., 'Managing Technological Change: The Impact and Policy Implications of Microelectronics', in Commonwealth Secretariat, *The Management of Technological Change*, London: forthcoming.

Hoffman, K., ed., *Microelectronics, International Competition and Development Strategies: The Unavoidable Issues*, Special Issue, *World Development*, Vol. 13, No. 3, Oxford: Pergamon Press, March 1985.

Hoffman, K., and Rush, H., 'Microelectronics, Industry and the Third World', *Futures:* August 1980.

ILO, *Automation, Work Organisation and Occupational Stress*, Geneva: 1984.

ILO, *New Technologies: Their Impact on Employment and the Working Environment,* Dublin: Tycooly International Publishing Ltd., 1982.

International Telecommunications Union, *The Missing Link*, Report of the Independent Commission for World-wide Telecommunications Development, Geneva: 1984.

Jacobsson, S., and Sigurdson, J., eds., *Technological Trends and Challenges in Electronics—Dominance of the Industrialised World and Responses in the Third World*, Sweden: Research Policy Institute, University of Lund, 1983.

Kaplinsky, R., *Computer-Aided Design—Electronics, Comparative Advantage and Development—A UNIDO Study*, London: Frances Pinter, 1982.

Lalor, S., *Overview of the Microelectronics Industry in Selected Developing Countries*, Vienna: UNIDO, 1984, IS. 500.

Mastrand, P., ed., *New Technology and the Future of Work and Skills*, London: Frances Pinter, 1984.

Morehouse, W., and Chopra, R., *Chicken and Egg: Electronics and Social Change in India*, Lund: A-V Centralen, 1983.

Nochtieff, H., and Lahera, E., *Microelectronics and the Development of Latin America: Problems and Possibilities for Action*, Vienna: UNIDO, 1982.

Northcott, J., and Rogers, P., *Microelectronics in British Industry: The Pattern of Change*, London: Policy Studies Institute, 1984.

OECD, *Information, Computer and Communications Policy* (ICCP) series, various titles, Paris.

OECD, *The Semiconductor Industry—Trade Related Issues*, Paris: 1985.

Oliphant, J., *Microprocessor Applications for Developing Countries*, Vienna: UNIDO, 1982, IS. 351.

Policy Studies Institute, *Microelectronics in Industry: an International Comparison*, London: 1985.

Rada, J., *Microelectronics: Its Impacts and Policy Implications*, Vienna: UNIDO, 1982, ID/WG. 372/5 and Corr. 1.

Rada, J., *Structure and Behaviour of the Semiconductor Industry*, New York: UNCTC, 1982.

Rada, J., 'Advanced technologies and development: Are conventional ideas about comparative advantage obsolete?', *Trade and Development—an UNCTAD Review:* Geneva, No. 5, 1984.

Soete, L., and Dosi, G., *Technology and Employment in the Electronics Industry*, London: Frances Pinter, 1983.

Truel, J.-L., *L'industrie mondiale des semi-conducteurs*, These de Troisieme Cycle, Paris: Professional Press, 1980.

UN Centre on Transnational Corporations, *Transnational Corporations and Transborder Data Flows: A Technical Paper*, New York: 1982.

UNCTAD, *New and Emerging Technologies: Some Economic, Commercial and Development Aspects*, Geneva: 1984, TD/B/C.6/120.

UN Economic Commission for Europe, *Production and Use of Industrial Robots*, New York: 1985.

UNIDO, *Microelectronics Monitor*, quarterly newsletter.

Watanabe, S., *Market Structure, Industrial Organisation and Technological Development: The Case of the Japanese Electronics-based NC-Machine Tool Industry*, Geneva: ILO World Employment Programme Working Paper, 1983, WEP 2-22/WP. 111.

Watanabe, S., *Microelectronics and Employment in the Japanese Automobile Industry*, Geneva: ILO World Employment Programme Working Paper, 1984, WEP 2-22/WP. 129.

Werneke, D., *Microelectronics and Office Jobs: The Impact of the Chip on Women's Employment*, Geneva: ILO, 1983.

Wilson, R., *Impact of Information Technology on the Engineering Industry*, Warwick: Institute for Employment Research, University of Warwick, 1984.

Biotechnology

Andries, M., *The EEC and Biotechnology*, Brussels: European News Agency, 1985.

Bull, A., Holt, G., and Lilly, M., *Biotechnology—International Trends and Perspectives*, Paris: OECD, 1982.

Dembo, D., Dias, C., and Morehouse, W., 'The Biorevolution and the Third World', *Third World Affairs, 1985*, London: Third World Foundation for Social and Economic Studies.

Elkington, J., *Biotechnology and Employment—the Integration of an Emerging Technology with Traditional Economic Activities: A Case Study for the ILO*, Geneva: 1983.

Heden, C.-G., *The Potential Impact of Microbiology on Developing Countries*, Vienna: UNIDO, 1981, IS. 261.

Narang, S. A., *Genetic Engineering: The Technology and its Implications*, Vienna: UNIDO, 1981, IS. 260.

Rehm, H. and Reed, G., eds., *New Developments: New Technologies: Biotechnology—A Comprehensive Treatise* (8 volumes), Weinheim, FR Germany: Verlag Chemie, 1981 to 1984.

UN Centre for Science and Technology for Development, 'Tissue Culture Technology and Development', *ATAS Bulletin*, inaugural issue, New York: March 1984.

UNIDO, *Genetic Engineering and Biotechnology Monitor*, Vienna: various issues.

US Congress, Office of Technology Assessment, *Commercial Biotechnology—An International Analysis*, Washington, DC: OTA, 1984.

New Materials Technologies

Epremian, E., *Some Significant Advances in Materials Technology*, Vienna: UNIDO, 1982, ID/WG.384/10.

Makhutov, N. A., *Development and Application of New Materials: A Prospective View*, Vienna: UNIDO, 1982, ID/WG. 384/12.

UK Government, Department of Trade and Industry, *A Programme for the Wider Application of New and Improved Materials and Processes*, report of the committee chaired by J. Collyear, London: HMSO, 1985.

UNIDO, *Advances in Materials Technology Monitor*, quarterly bulletin, Vienna.

UNIDO, *Implications of New Materials and Technology for Developing Countries*, Vienna: 1982, ID/WG. 384/1/Rev.1.

Renewable Energy Technology

MacKillop, A., *Employment and Development Implications of New and Renewable Sources of Energy*, Geneva: ILO, March 1983.

Nayudamma, Y., *An Alternative Pathway for Industrialisation: A Biomass-based Strategy*, Vienna: UNIDO, 1985, IS. 532.

Rothman, H., Calle, F., and Greenshields, R., *The Alcohol Economy: Fuel Ethanol and the Brazilian Experience*, London: Frances Pinter, 1983.

Smil, V., and Knowland, W., eds., *Energy in the Developing World—The Real Energy Crisis*, Oxford: OUP, 1980.

UNIDO, *Emerging Photovoltaics Technologies: Implications for Developing Countries*, Vienna: 1982, ID/WG. 384/2.

UNIDO, *Implications of Biomass Energy Technology for Developing Countries*, Vienna: 1982, ID/WG. 384/6/Rev.1.

World Bank, *Alcohol Production from Biomass in the Developing Countries*, Washington D.C.: 1980.

World Bank, *Renewable Energy Resources in Developing Countries*, Washington D.C.: 1983.

4. **Country Reports**

Advisory Council for Applied Research and Development; Advisory Board for the Research Councils; the Royal Society, *Biotechnology—Report of a Joint Working Party*, London: HMSO, March 1980.

Alvey Committee, *Report on a Programme for Advanced Information Technology*, London: HMSO, 1982.

Brossard, M., Chairman, *Biotechnology: a Development Plan for Canada*, Report of the Task Force on Biotechnology to the Minister

of State for Science and Technology, Ottawa: Minister of Supply and Services, Canada, 1981.

Fulton, E., Chairperson, Report of Labour Canada Task Force on Microelectronics and Employment, *In the Chips: Opportunities, People, Partnerships*, Ottawa: Minister of Supply and Services, Canada, 1982.

Government of India, Department of Science and Technology, *Technology Policy Statement*, New Delhi: 1983.

Myers, Prof. R., Chairman, *Report of the Committee of Inquiry into Technological Change in Australia*, Canberra: Commonwealth Government of Australia, 1980.

Sleigh, J., et al., *The Manpower Implications of Microelectronics Technology*, London: HMSO, 1979.

Hobbs the Printers of Southampton (2221)
